PHILOSOPHY THAT THE SCHOOL WORKS AFTER

Kveikjum neistann
Uppeldi til ábyrgðar
Orð af orði
Heilsuefandi grunnskóli
Náttúruskóli

POLICIES THAT THE SCHOOL WORKS AFTER

GRV's reading policy:

In GRV, reading is enjoyed every day for 15-20 minutes. Reading is very important. Each student should also enjoy reading at home for 10 - 30 minutes daily.

Tablet computer implementation is

underway in the school and all students have their own device, an ipad in grades 1-7. grade and Chromebook in 8th -10th. grade. Click [HERE](#) to read more.

Let's light the spark (Kveikjum neistann)

Is a major development project that began in the fall of 2021.

Click [HERE](#) to read more

SPORT AND SWIMMING

Students play sports (swimming and gymnastics) at the Vestmannaeyja Sports Center. Students take a shower after sports class.

There is always an employee who walks with 1st grade between school and sport center. There are two sports lessons in 1st grade and one swimming lesson.

ABSENCES AND LEAVE

Absences of students determine a lot whether good results are achieved in studies. The law clearly states that guardians ensure that students attend school every day.

[HERE](#) you can find the schools rules about that.

PARENTS ASSOCIATION

There is a parents' association at Grunnskóli Vestmannaeyja, which has increased its participation in the school work in recent years. The goals of the company are these:

- Be a collaborative platform for parents who have children in the school.
- Promote and ensure good cooperation between parents and school staff.
- Support homes and schools in creating good upbringing and education conditions for students.
- Communicate the views of parents regarding school and educational matters.
- Protect children's rights to education and further development.
-

MENTOR

Mentor (mentor.is) is a web system that enables parents to access information from primary schools. This information is recorded in an information system that is used in most elementary schools in the country. Passwords will be provided at the start of school, but they can be obtained from the school secretaries (heidrun@grv.is, sigurlina@grv.is).
